

Bobs & Lolo

AN ACTION PACKED LIST OF NOMINEES FOR THE 2010 JUNO AWARDS

MARCH 3, 2010 – VANCOUVER-BASED CHILDREN’S ENTERTAINERS CELEBRATE A 2010 JUNO AWARD NOMINATION IN THE CATEGORY OF CHILDREN’S ALBUM OF THE YEAR FOR THEIR *ACTION PACKED* CD

Action Packed, the latest recording from critically-acclaimed BC duo, Bobs & Lolo, has received a 2010 JUNO nomination. Following on the heels of a 2009 Parents’ Choice Gold Award - essentially the Grammy’s of the kids’ music world – and a 2009 Western Canadian Music Award, Robyn Hardy (Bobs) and Lorraine Pond (Lolo) continue to garner national and international attention for their third album’s refreshing lyrics, rich harmonies and original, ‘get on your feet’ tunes for preschoolers.

Action Packed features 12 original songs such as *The Right Track*, *Snappy Snacks* and *Friends*. The album is geared at connecting children to behaviours that positively impact the world around them. Using kid-friendly analogies like trains, superheroes, adventure stories and more the songs address themes such as literacy, health, teamwork and friendship.

Bobs & Lolo use music, movement and make-believe to share stories and experiences that inspire kids to care about themselves, their neighbours and the planet. Already a hit with children, parents and educators alike, this award only reinforces the fact that Bobs & Lolo are hitting all the right notes on their musical adventures. With more than 250 live shows each year, families can regularly see them live or catch their videos on the preschool television network, Treehouse TV.

Growing up together on Vancouver Island, Robyn and Lorraine have always shared a love of the natural world and a passion for working with children. Creating the dynamic duo Bobs & Lolo has allowed them combine diverse academic backgrounds with a mutual love of teaching and creative arts.

Action Packed was Produced, Arranged & Recorded by **Mario Vaira at Five Fathom Studios**, with drums recorded at **WineCellar Music Studios** by **Ryan Stewart**, and mastered at **Suite Sound Labs**, all of whom are located in Vancouver, BC.
